

SEAMLESS ACTIVEWEAR CATALOG

Sample references for scalable seamless production.

Clear product references for buyers who need fast evaluation, flexible manufacturing, and export-ready communication.

ABOUT

Seamless manufacturing for brands that need speed and clarity.

Overfit Seamless supports private label and custom seamless production with flexible development, fast sample handling, and scalable output. The products in this catalog are sample references only. Final production specs are defined by each client.

WHY CHOOSE US

Strong production capacity

20 seamless machines with scalable support from partner factories when required.

Fast sampling and production start

Sampling in 5 to 7 days and production starts immediately after sample approval.

Flexible manufacturing for multiple brands

Global export support with adaptable production planning based on buyer requirements.

PRODUCT NOTE

All products shown below are sample references only. Final production specifications, colors, branding, and fit details are defined by the client.
